

Northwind Robotics · Series A

Company

Northwind Robotics Ltd
Warehouse automation for mid-market third-party logistics
Founded 2019 · Headquartered in Bristol, United Kingdom
www.example.com
52 employees

Traction

FY2024 revenue: £4.1M
Gross margin 61%
Net revenue retention 118%
34 enterprise customers across the UK, Ireland and the Netherlands

Market

Warehouse automation is a growing segment of intralogistics.
We target 3PL operators running between 4 and 40 sites, a band underserved by both enterprise vendors and low-cost integrators.

The ask

Raising GBP 6M Series A at a GBP 30M pre-money valuation.
Use of funds: engineering (45%), commercial expansion (35%),
working capital (20%).
